CONTEMPORARY

THE FOLLOWING ARE SHERLE WAGNER FEATURED
CONTEMPORARY COLLECTIONS:

Arco, Molecule, Apollo, and Nouveau.

Sherle Wagner Contemporary collections combine clean lines and modern styles with the quality of the finest materials and production processes. From the Mid-Century style of the Apollo and Nouveau—designed by Sherle Wagner himself in the 1960s and '70s—to the modern curves of the Arco and Molecule.

Sherle Wagner Contemporary collections provide stunning accents to the most modern of homes, and bring a clean edge to more traditional homes.

Here we show the Contemporary collections in the modern setting of Los Angeles.

ORNATE

THE FOLLOWING ARE SHERLE WAGNER FEATURED
ORNATE COLLECTIONS:

Dolphin, Swan, and Semiprecious Leaves.

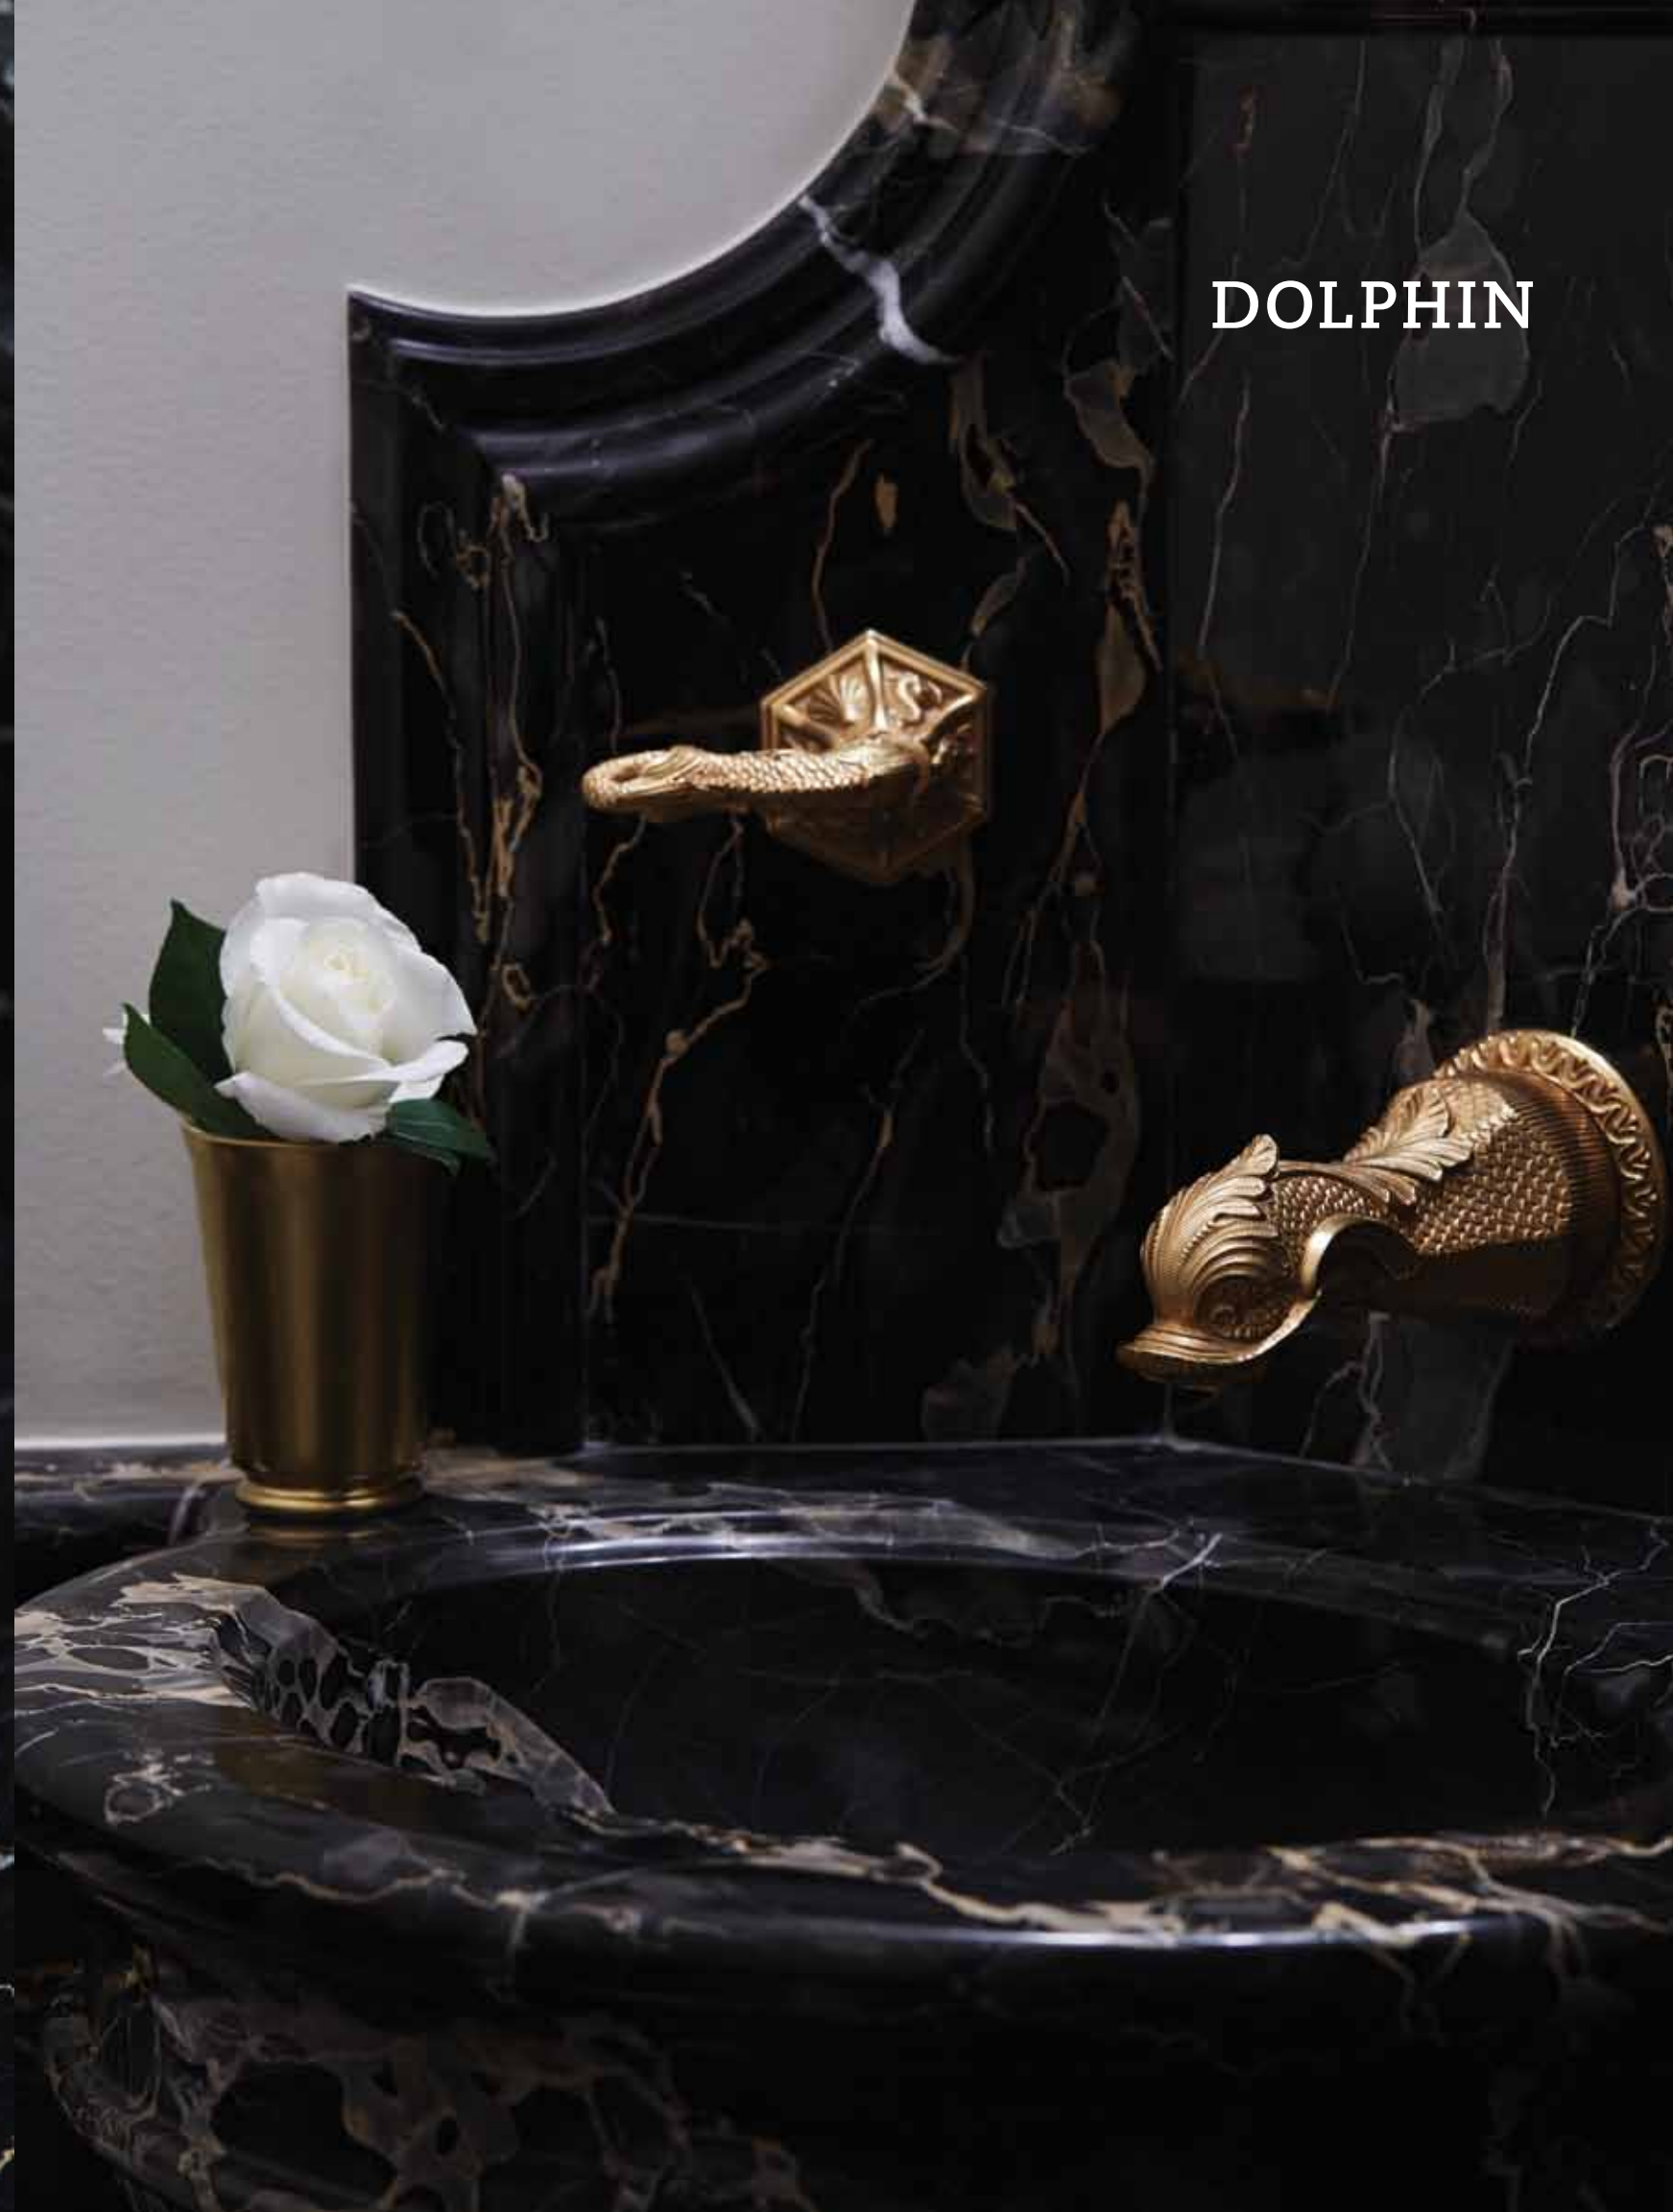

Sherle Wagner Ornate collections showcase the intricacy and detail of fine jewelry. Each piece is a virtuoso performance of craftsmen whose skill and attention to detail is nearly lost to time. The Dolphin and Swan date back to the origins of Sherle Wagner, when Sherle himself first brought the highest elegance to the bath. They continue to grace the most exquisite homes, a testament to the fact that true beauty is timeless. The Semiprecious Leaves collection carries the intricacy of the metalworking over to beautifully carved stone.

The Ornate collection can match the grandest and most opulent spaces, but can also stand on its own as an artistic feature in an edited environment.
